

Negocio

```
graph BT; Negocio[Negocio] --> Aplicacion[Aplicacion]; Aplicacion --> Tecnologia[Tecnologia];
```

The diagram illustrates a three-level hierarchy. At the top is a large, light-gray rectangular box labeled 'Negocio' in its top-left corner. Below this box is a vertical line ending in an upward-pointing triangle. This triangle points to the bottom of a second, identical light-gray box labeled 'Aplicacion' in its top-left corner. Below the 'Aplicacion' box is another vertical line ending in an upward-pointing triangle, which points to the bottom of a third, identical light-gray box labeled 'Tecnologia' in its top-left corner. The boxes are empty, suggesting they are templates for content.

Aplicacion
